

# Easy Pressure Test

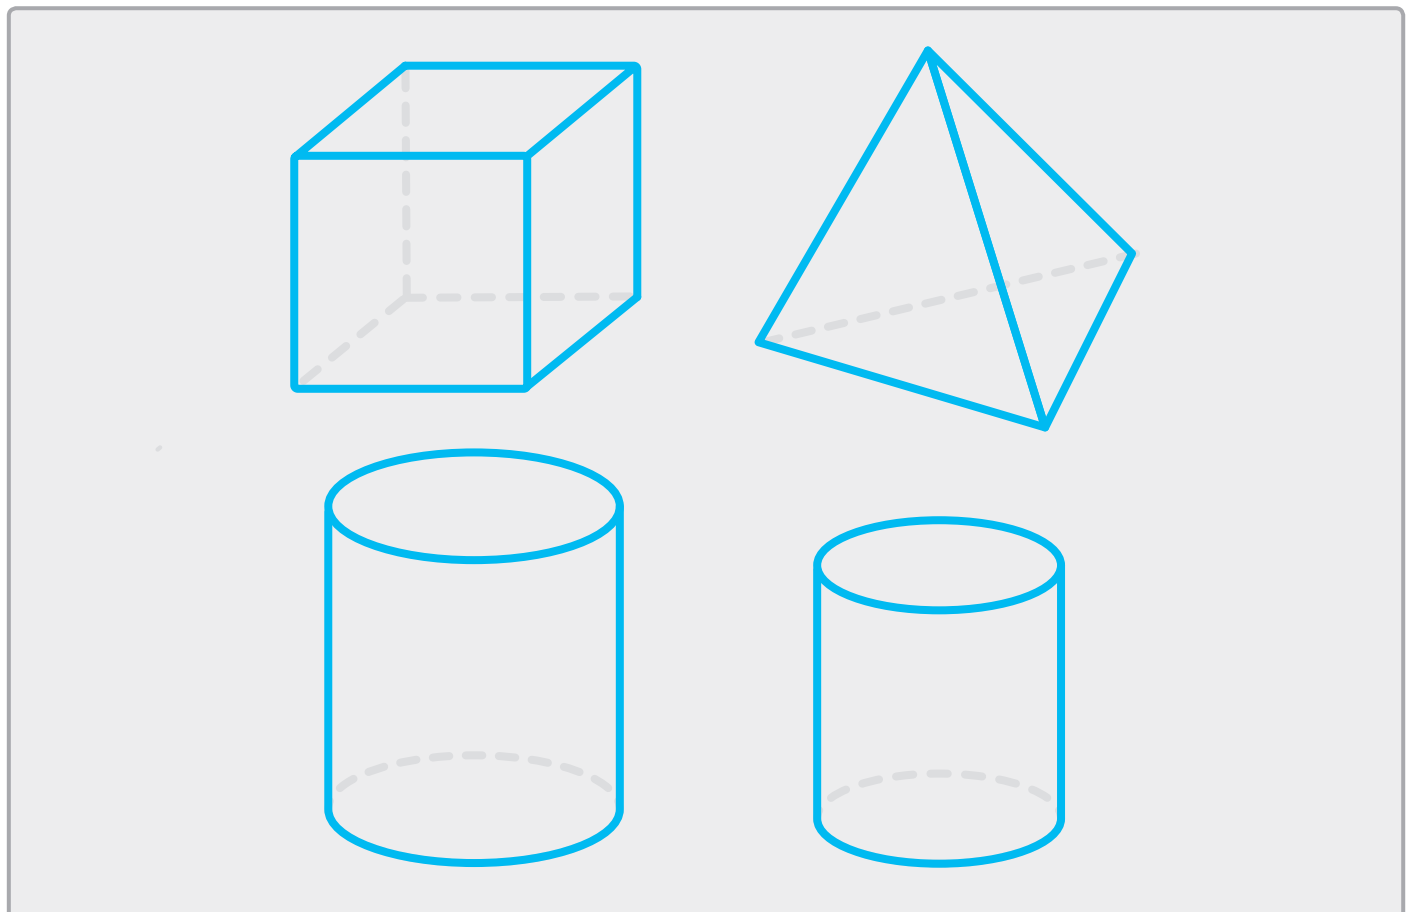

## Activity

### Worksheet

Air Pressure Test Table

Shapes	Volume (cm <sup>3</sup> )	Surface area (cm <sup>2</sup> )	Shape bottom area (cm <sup>2</sup> )	Number of edges	Number of sides	Time till it bursts (seconds)
Cube						
Pyramid						
Large cylinder						
Small cylinder						

Based on the observations during the activity, draw the picture that represents water molecule in the gaseous state in each container.

# Easy Pressure Test

From the picture, circle the areas that resist high pressure.
